## Liveasy Shipper portal review-

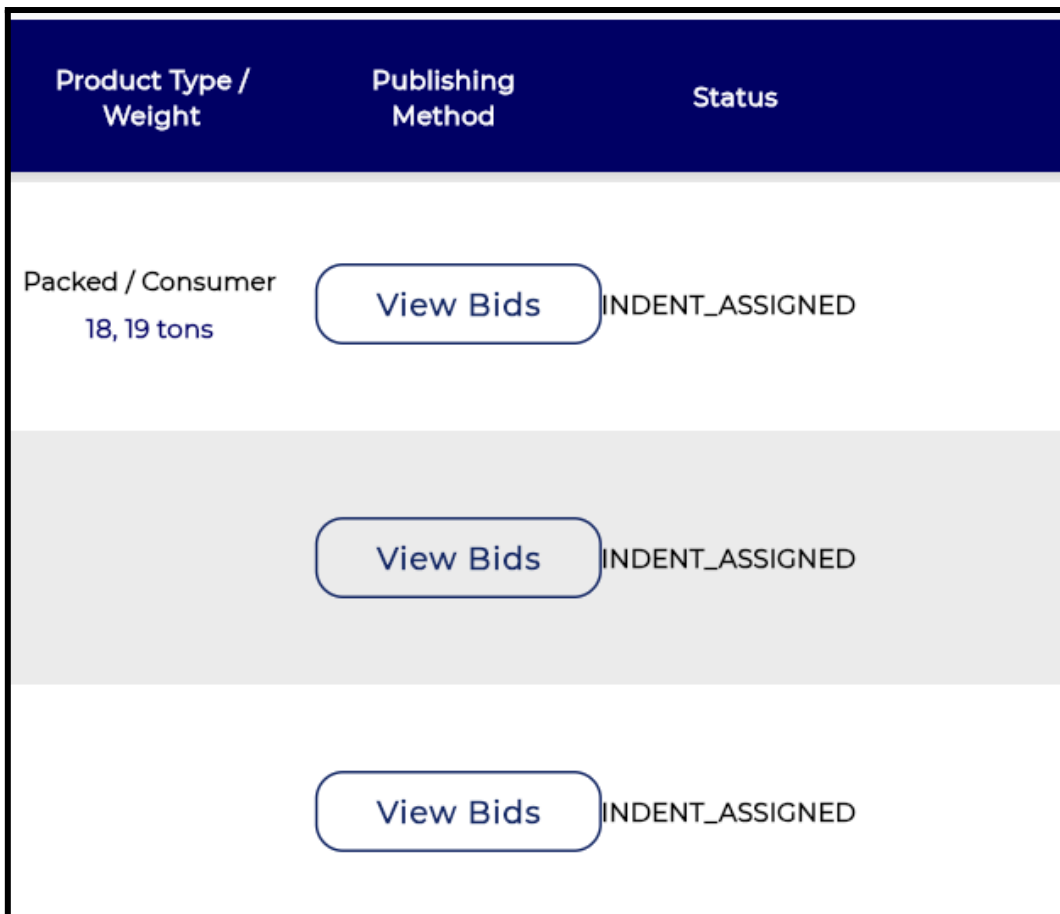

Page - My Loads

The screenshot shows a filter section at the top of the 'My Loads' page. It includes a 'Filter' label with a dropdown arrow, an 'Apply Filters' button, and a 'Reset Filters' button. Below these are four filter inputs: 'Start And End Date' with a calendar icon, 'Status' with a dropdown arrow, 'Publishing Method' with a dropdown arrow, and 'Order Type' with a dropdown arrow.

*Figure 1*

**Figure 1 Suggestion-** Centrally align the text for better UI

The screenshot shows a table with three columns: 'Product Type / Weight', 'Publishing Method', and 'Status'. The table has three rows. The first row has the text 'Packed / Consumer 18, 19 tons' in the first column, a 'View Bids' button in the second column, and 'INDENT\_ASSIGNED' in the third column. The second row is shaded gray and has a 'View Bids' button in the second column and 'INDENT\_ASSIGNED' in the third column. The third row has a 'View Bids' button in the second column and 'INDENT\_ASSIGNED' in the third column. The suggestion is to increase the spacing between the 'View bids' button and the 'Status' text.

Product Type / Weight	Publishing Method	Status
Packed / Consumer 18, 19 tons	View Bids	INDENT_ASSIGNED
	View Bids	INDENT_ASSIGNED
	View Bids	INDENT_ASSIGNED

*Figure 2*

**Figure 2 Suggestion-** Increase the spacing between “View bids” button and “Status”

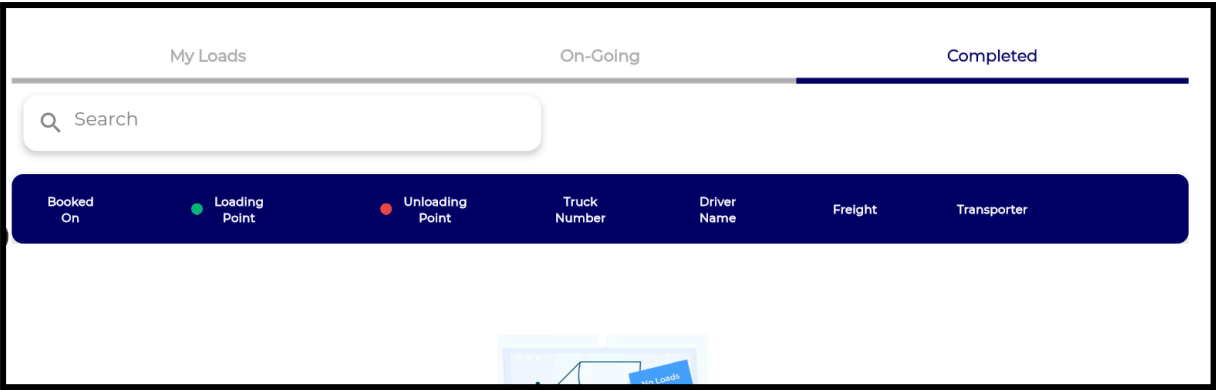

Figure 3

**Figure 3 Suggestion** - Add a filter button and search button in the “Completed” panel as it might be helpful for the data analysis of the company's transport in the long run.

## Page- Invoice

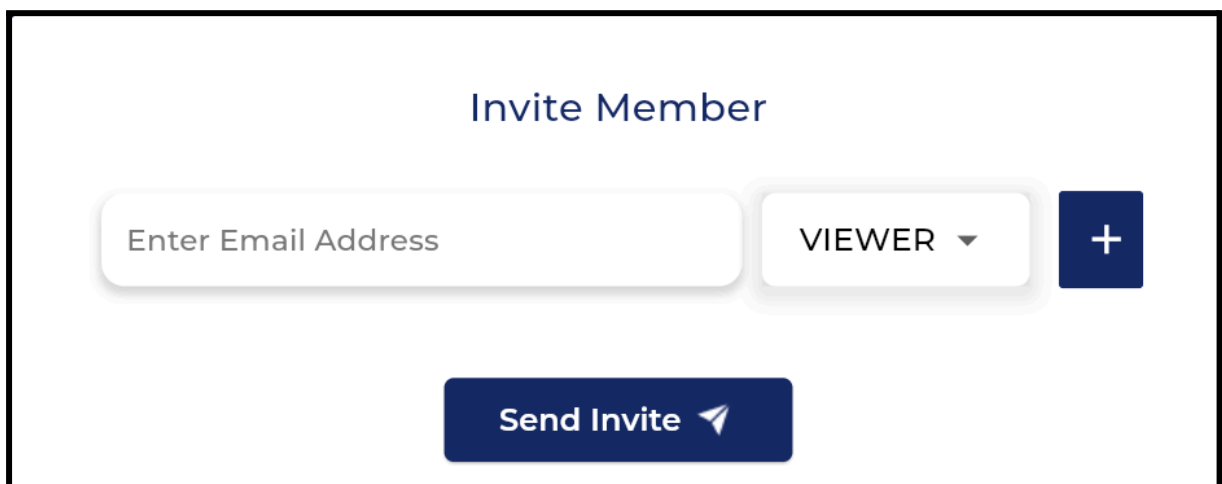

The image shows the top section of an 'Invoice' page. It has a dark blue header with the word 'Invoice' in white. Below the header is a white search bar with a magnifying glass icon and the text 'Search'. To the right of the search bar is a light blue button with the text 'All months'.

*Figure 5*

**Figure 5 Suggestion-** Add an icon beside “All months” to help users understand that it is a filter. Also if needed , add a sorting option based on invoice date or any other factor for easy data retrieval.

---

## Page- Team

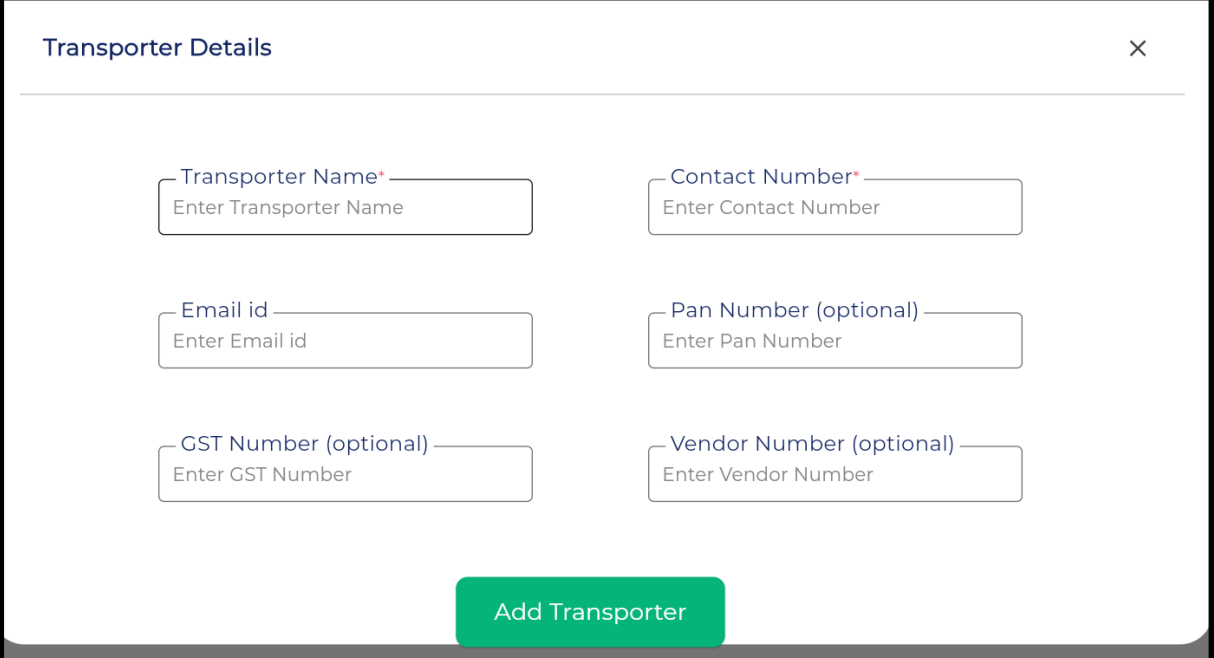

The image shows a form titled 'Invite Member'. It has a white background with a dark blue border. The title is in dark blue. Below the title is a white input field with the placeholder text 'Enter Email Address'. To the right of the input field is a white dropdown menu with the text 'VIEWER' and a downward arrow. To the right of the dropdown menu is a dark blue button with a white plus sign. Below these elements is a dark blue button with the text 'Send Invite' and a white paper plane icon.

*Figure 6*

**Figure 6 Suggestion-** Clarify whether the ‘+’ icon is static or allows users to add multiple emails and send invites simultaneously.

## Page- Transporter

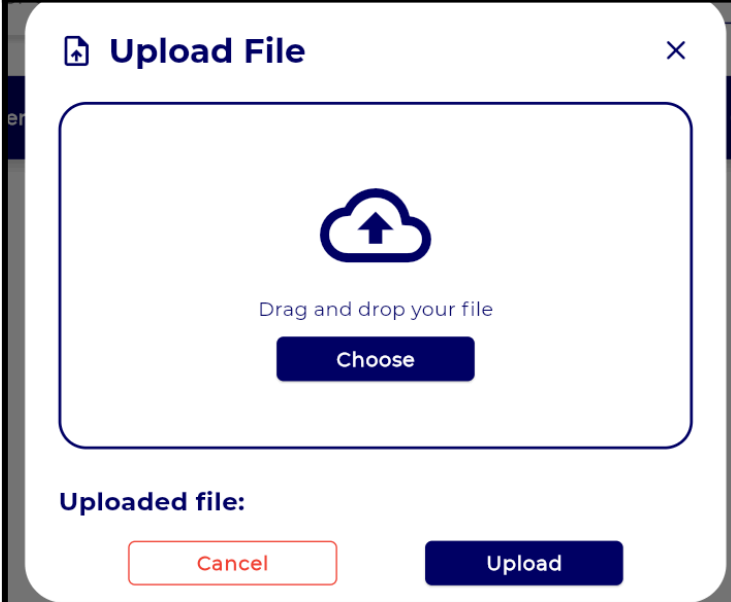

The image shows a web form titled "Transporter Details" with a close button (X) in the top right corner. The form contains six input fields arranged in a 3x2 grid. The first two fields are required, indicated by an asterisk (\*). The last four fields are optional, indicated by "(optional)". At the bottom center of the form is a green button labeled "Add Transporter".

Field Label	Placeholder Text
Transporter Name*	Enter Transporter Name
Contact Number*	Enter Contact Number
Email id	Enter Email id
Pan Number (optional)	Enter Pan Number
GST Number (optional)	Enter GST Number
Vendor Number (optional)	Enter Vendor Number

**Add Transporter**

*Figure 7*

**Figure 7 Suggestion-** Improve the User Interface for “Add transporter” option, Specifically the “Add Transporter” button should be positioned slightly above the border of the box.

The image shows a dialog box titled "Upload File" with a close button (X) in the top right corner. Inside the dialog, there is a large rounded rectangle containing a cloud icon with an upward arrow. Below the icon, the text "Drag and drop your file" is displayed. Underneath this text is a dark blue button labeled "Choose". At the bottom of the dialog, the text "Uploaded file:" is followed by two buttons: a red-outlined button labeled "Cancel" and a dark blue button labeled "Upload".

**Upload File**

Drag and drop your file

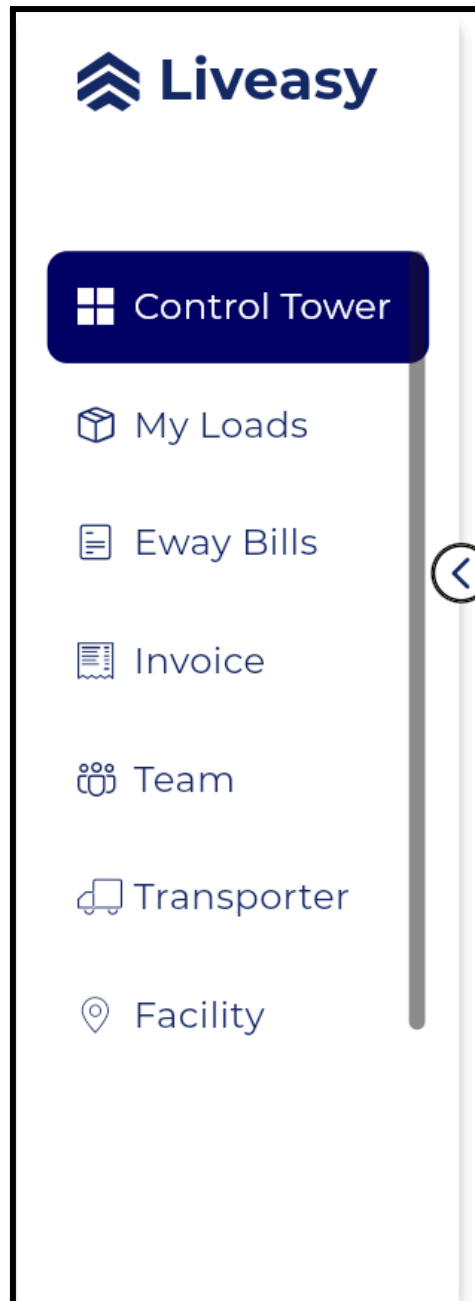

**Choose**

**Uploaded file:**

**Cancel** **Upload**

*Figure 8*

**Figure 8 Suggestion-** Specify the type of file the user is supposed to upload(img,pdf, docx,excel)

*Figure 9*

**Figure 9 Suggestion-** Edit the sidebar's CSS. The lower portion seems unnecessarily empty. If it's not intended for advertisements, consider adding a "My Profile" option to the sidebar.

**Additional Suggestion-** Add Sorting option in wherever possible for easy data retrieval.

Figure 11(Shipper)

**Suggestion** - In the Shipper profile (Figure 11), allow the username to be clickable, similar to the Transporter profile. Ensure consistency between the two.

## Liveasy Shipper portal review-

Page - Invoice

Figure 1

**Figure 1 Suggestion-** The gap between search button and Date is unnecessary unless there needs to be something else to be added over there

Figure 2

**Figure 2 Suggestion-** The title("Add invoice") here should be in one line.

Invoice Date	Invoice No	Invoice Amount	Party Name
02/12/2024	RJJ700	10000	RJJ
02/12/2024	tgwer		
03/09/2024	abx500	5000	admin

*Figure 3*

**Figure 3 Suggestion-** The font size seems too small, not just here but in multiple places throughout the platform.

**Comments-** Both websites (Shipper and Transporter) are beautifully designed and will definitely help users in the import-export business. I would love to be a part of the Liveasy software team and contribute to this project.
